To whom it may concern,

May 24, 2011

Dan Hlavac was a member of the Orangetown Architectural Review Board (ACABOR) from January 2001 until he resigned in May of 2008 due to conflicting time commitments. Some background – Orangetown has approximately 50,000 residents and 15,000 residences in Rockland County. Dan was a critical member of the Board as he was the only member with an Architectural background as the charter of the Board requires that at least one member (of 7) has this requirement. Dan was also the Chairman of this Board for all of 2007 until he left in May 2008. As a Board member Dan was intricately involved in the decision making process including the ultimate voting on the prospective applications before the Board.

The types of projects that came before the Board during Dan's tenure fall into one of the following categories:

1. Multiple single family residences within the town of Orangetown during one of the largest construction booms in history.
2. Potential use for commercial, residential and recreational of the former Rockland Psychiatric facility.
3. Multiple commercial buildings and land use in the WYETH corporate headquarters projects totaling hundreds of thousands of square feet.
4. Large commercial properties such as CVS, Shop Rite, Lowe's, CHASE Bank and Mini storage.
5. Large Town projects such as the conversion of the existing rail lines to a pedestrian walkway.

Orangetown was fortunate to have someone of Dan's caliber participating on one of our vital land use Boards. If you need any further information, please feel free to contact me.

Sincerely,

Denis M. Troy
Deputy Supervisor – Orangetown
