Dear JD

I want you to know how pleased we are with the work you did at our new facility. The quality of the work is excellent and we are delighted in how well the facility looks. Furthermore, it was a pleasure dealing with you and your people. The suggestions you made were excellent, and you made it very easy to resolve the problems and issues which normally arise in a complex construction project.

I would certainly use your company again and highly recommend your services.

Best Regards
